Rashed Iqbal

Full Stack Developer

WORK EXPERIENCE

Digital Gregg -

Senior Developer   July 2022 – Present

- Successfully led and managed multiple projects, demonstrating exceptional project management skills and consistently meeting tight deadlines.
- Designed and implemented efficient data structures independently, optimizing backend performance across all projects.
- Utilized animation libraries such as GSAP and Framer Motion to craft engaging, interactive user experiences, significantly boosting user satisfaction.
- Deployed websites using AWS and VPS technologies, ensuring seamless and reliable performance for both clients and end-users.
- Developed advanced features and functionalities, enhancing user experiences and expanding project capabilities.
- Lead, manage, and mentor junior developers, fostering a collaborative and growth-oriented team environment.

TOP PROJECTS

One-Source (formerly RPC)   https://one-source.io

- Successfully led this project similar to Google Drive, with additional advanced features.
- Proficiently managed backend development and API integration , utilizing Next.js, Node.js, MongoDB, and AWS.
- Implemented innovative functionalities including file and folder sharing, custom domain integration for folder sharing, buyer journey charting, and multi-user management.

Owl Learner   https://owllearner.com

- Developed a multi-vendor learning management platform enabling teachers to publish courses and students to purchase them.
- Utilized cutting-edge technologies such as Next.js, NestJS, Prisma, GraphQL, and PostgreSQL.
- Independently designed and implemented the entire project, managing both frontend and backend development.

The High Costs   https://www.thehighcosts.com

- Led the development of a multi-language Quiz Game platform, utilizing Next.js for frontend, Node.js for backend, and MongoDB for database management.
- Ensured seamless user experience with responsive frontend design and robust backend logic.
- Played a pivotal role in backend development and API integration, ensuring the platform's smooth and secure operation.
- Successfully delivered a high-performance and interactive platform, showcasing proficiency in full-stack development.

SKILLS

Front End Development:
- NextJs
- ReactJs
- Tailwindcss
- Redux
- Bootstrap

Back End Development:
- ExpressJs
- NestJs
- Stripe
- Prisma/Typeorm

Database:
- MongoDB
- MySql
- PostgressSql

Programming Language:
- Javascript
- Typescript
- NodeJs
- Python

Others:
- React Native
- ElectronJs
- Gsap
- Framer Motion
- Firebase

Deployment:
- Docker
- Aws/Vps

Languages:
- English (Professional)
- Bangla (Native)

EDUCATION

Kurigram Govt. College
B.Sc. Honors in Physics
